Ghosts

- 4 white felt sheets, 9 x 12 inch
- 1 black felt sheet, 9 x 12 inch

Supplies

- 1 cool glue gun
- Glue sticks

Trace pattern and cut 4 ghosts from white felt sheets. Trace and cut 4 eyes and 2 mouths from the black felt sheet. Make two ghost pieces the front of each puppet. Glue 2 eyes and a mouth to each front.

Once cooled, glue or sew 2 matching white ghost shapes together, following dashed line of choice on pattern. Make sure to pair a plain ghost piece to one with eyes and mouth. Cure 24 hours before removing strings of excess glue. Store ghosts flat.

Makes 2 ghost puppets

Note: You will get 1 ghost from 2 sheets of white felt. To easily trace pattern on black felt, use a white colored pencil. Be sure to cut inside the marked lines. Or, pin the pattern to the felt and cut. If you prefer larger ghosts, enlarge pattern and purchase materials in a larger size and quantity. Removing strings of glue before curing is complete may result in pulling the glued items apart. As an alternative to hot glue, ghosts may be sewn on a sewing machine with coordinating thread.
